Sub: Engagomont of Micro & Small Enterprise (MSE) Manufacturing Units/ WSHG Tailoring Units for Procurement and Distribution of School Uniform for class IX & X Students of Govt. and Govt. Aided Secondary Schools under Mukhyamantri Chhatra Chhatri Paridhan Yojna

Madam / Sir,

Mukhyamantri Chhatra Chhatri Paridhan Yojna is a flagship scheme of Government of Odisha. It strives to instil a sense of dignity and confidence among children of Secondary Schools by providing them with uniforms and other accessories. Secondly, to promote local (garment) manufacturing activities, it has also been decided to give preference to eligible MSE and SHG manufacturing units in the process of procurement of uniforms.

This document includes comprehensive guidelines to ensure collaboration/convergence between field-level functionaries of relevant departments i.e. MSME, Mission Shakti and S&ME departments. It is hoped that these guidelines would not only enable procurement of good quality uniforms under the Mukhyamantri Chhatra Chhatri Paridhan Yojna, but would also promote local garment manufacturing activities in odisha.

The guidelines given below include structural arrangements for implementation of the scheme at the block and district levels, processes to be followed and documents to be used/ maintained.

Applications received from the units will be verified in detail with respect to their physical location, production capacity and other details. The shortlisted units shall be physically inspected by the committee. Thereafter, basing on the field inspection the committee will send its recommendation to the district level committee suggesting tagging of units to schools (indicating number of students). (Annexure-4 & 5)

- MSE Manufacturing units/SHG within the Block/District will be tagged to schools (indicating number of students) for supply and distribution of school uniforms based on their capacity.
 - In other words, manufacturing capacity of MSE/SHG unit will be assessed and accordingly, will be tagged to nearby schools, depending on the number of students that can be covered by the respective MSE/SHG units.

 10. If a MSE unit and a SHG unit are equidistant from a school, first preference will be given to the SHG unit. The MSE unit will then be considered for the next nearest school(s).
